Begin, Muse, when the two first broke and clashed, Agamemnon lord of men and brilliant Achilles. . . . Homer, The Iliad Troy is unquestionably one of the most famous and legendary cities of antiquity, yet it is also the most mysterious. While ancient cities like Rome and Athens survived, and the destruction of others like Carthage and Pompeii were well-documented, the fame of Troy rested entirely on Homer’s epic poems, The Iliad & The Odyssey. The poems were so famous in the ancient world that Augustus had Virgil associate Rome’s foundation with the destruction of Troy and Aeneas’s own odyssey in the Aeneid. Augustus went so far as to have a new settlement, New Ilium, built in the region. While the epic poems have been read for thousands of years and are regarded among Western literature’s most important, their depiction of the Trojan War between the Greeks and Trojans clearly included fictional elements. As a result, there has been much historical debate over whether the Trojan War actually happened. Up until the 19th century, many scholars merely regarded it as an ancient myth, but when Heinrich Schliemann used Homer’s descriptions to guide his excavations, he found ruins in western Turkey of several ancient cities built atop each other, with the oldest dating to the 12th century B.C. Further excavations have found early settlements on the spot dating as far back as 3000 B.C. While that hardly means Homer’s tale is true, especially the constant divine intervention, it does suggest that there was a historical city of Troy that was destroyed in war; and the city of Troy associated with Homer’s poems was the 7th city built on that spot. Of course, the war would likely have been fought over resources, not a woman whose face could launch 1,000 ships. Since the discovery of the ancient site, further work and scholarship has helped shed light on certain aspects of Troy while also leading to other sorts of debates. For example, Egyptologists have tried to tie references in certain Hittite and Egyptian texts to famous Trojans like Paris.
