

The Main is the main narrative of book series; Australia, the fraud country; Perth, the fraud capital. Australia and Perth are key players in both The Auschina Fraud and The Australian Fraud. The Eleventh Commandment says: Deceive them all lest they knoweth. The worst series of fraud in history of mankind is The Auschina Fraud; the manipulation of fulcrum of the world economy; the iron ore price by China & Australia with covert support of Citibank & other banks. By 2004, China & Australia were one entity in iron ore business. Together they played a fake war. It was called Iron Ore Price war. China & Australia negotiated the iron ore price since 2003. China faked that they wanted the iron ore price to be fair and square. But in reality, China was faking the war. They wanted the price to go up. It was a means to control the steel supply and steel price to secure a permanent monopoly of steel business and thereby the world economy by China. Australia and China faked the war and took the price from \$12 a ton in 2003 to \$189 a ton in 2011. The world's attention was on other real wars; Iraq war and Afghanistan war. The Auschina Fraud caused the Global Financial Crisis of 2008. The Auschina Fraud is detailed mainly in Volumes 1 & 2, with corroborating evidences in Volume 2A. The illicit funds secured by the iron ore trade and steel trade were invested in properties. Both countries pumped money into property business. Australia faked land demand and escalated the land prices since 2002 against the statutes of Australia. Every newly created land was given a pair of fake birth certificates by Valuer General, instead of giving one value as prescribed by the statutes. Both values assigned were highly inflated. So the land prices were hiked by the hop-step & jump value falsification. This is The Australian Fraud. The Australian Fraud was confessed by Valuer General in 2010/2011. It was not meant to be a confession, though it was a giant confession & a confession of systematic deception. The giant confession was a mild confession of the gigantic fraud. This is The Australian Fraud; but only the first part. The Australian Fraud is detailed mainly in Volumes 3, 4 & 5, with corroborating evidences in Volumes 8 (parts 1 & 2). The confessions were served on Tribunal, Federal Court and Supreme Court of Western Australia. The case was mainly against Westpac banking and NAB in severe false mortgaging. The evidence was the confessions. The confessions amounted to The Australian Fraud; sponsored by the government. The courts across Australia concealed the confessions by a series of fraud in the courts stretching to I cannot see any confession and market value is not market value etc. That second part of the fraud in the Tribunals and Courts are detailed in Volumes 6A, 6B, 7A & 7B with corroborating evidences in Volumes 9,10 & 11. The fraud had become the new normal in Australia by 2005-2006. Fraud in property had become an addiction in Australia. City of Mandurah engaged in further fraud; issuing false rate bills. It is again covertly covered by the banks and the lawyers. The Fraud of City of Mandurah is detailed in Volume 12 with corroborating evidences in Volume 12A. Currently, only The Main comes in kindle version.
