

A fun, short chapter book. Great for children from 4 - 10 years old. Timmy Quiggly and his brother Irka have a big and very stinky problem... a dragon followed them home from the forest. But in order for them to even have a chance of their parents allowing them to keep the dragon for a pet, they must find a way to remove the strong stench all over the huge beast. Can Timmy and Irka find a way to remove the foul smelling odor? And will they be allowed to keep the dragon for a pet?
