

This 9th novel in The Case Files of Ronald T. Barone follows the same core characters which have become as familiar to me as my own family and friends. In this story, The Sitter has been missing for over two years. Olivia Norwood worked as a housesitter, babysitter, petsitter, senior companion, and enjoyed a tidy income. All leads, few that there were, had grown cold. A private eye hired by the missing woman's family asked Ronald for help. If anyone could find the missing sitter, Ronald could.
